Dear Sir,

I saw your recent job advertisement for a new **Frontend Developer** role with great interest, as I believe I would be perfect to join your team. I am in this sector for the last two years. I know how necessary it is to work with a team in a position like this, I love performing with a team. I am creative with hands-on skills in a wide range of software, tools, and programming language. I am improving my skills day by day.

I have completed my past projects very efficiently. I'm good at HTML, CSS, Bootstrap, React Bootstrap, Tailwind, Daisy UI, JavaScript, ES6 (JavaScript), React JS, MongoDB, Firebase, and Express JS, and familiar with Node JS. I also know about Netlify, Vercel, Github, Figma, and Adobe Photoshop tools.

I have good educational qualifications. I am a Diploma in Computer Engineering. My details ideas are on my **resume** if you want to know.

I believe working in a reputed organization like yours will provide me with an excellent opportunity for my career. Thank you for your time and Take care of yourself.

Sincerely,

Md. Harun Or Rashid
